Subject: Blighter Video thread

Keywords: Hexapodia as the key insight

Distribution: Threat of the Blight

Approved: [yes](#)

Date: 8.68 days since Fall of Relay

I haven't had a chance to see the famous video from Straumli Realm, except as an evocation. (My only gateway onto the Net is very expensive.) Is it true that humans have six legs? I wasn't sure from the

Key Insights:

1. Yes, it is possible to talk about everything in an hourâ€!
2. We are not very far apart on what the Fed is doing and should be doingâ€”there is only a 100 basis-point disagreementâ€!
3. Miles would be 100% right about the proper stance of monetary policy if he were in control of the Fedâ€!
4. Miles is not in control of the Fedâ€!
5. Thus Brad thinks that asymmetric risks strongly militate for pausing for six months, and then moving rapidlyâ€!
6. Smart people need to think much more about how to increase loveâ€!
7. Remember Robot Tarktil!
8. Noah Smithâ€™s mother is a good friend of â€œMurderbotâ€ author Martha Wellsâ€!
9. Hexapodia!!

- **Miles Kimball:** Serious silliness:

Miles Kimball @mileskimball

Serious silliness. â€œThere are reÂally good reÂasons for them to slow down if they can..I think they want to avoid pausing only to have to re-hike later, and getÂing down to 25 basis points alÂows them the best chance of avoidÂing that posÂibilityâ€¢
